

Power Supply/ Connection Norms

1. Power Supply

Power supply should be available as per requirements for each trade. The trade wise electric load is given in **Annexure G-5**.

Such requirements are stated in D.G.E.&T. letter No. DGET-19/27/2010/CD, Dated 30.08.2010) and D.G.E.&T. letter No. DGET-19/27/2010/CD, Dated 01.02.2012)

2. The following documents as proof of availability of power supply for grant of affiliation are required:
 - **For existing institutes:**
Electricity bill indicating connected load is required to be produced (details of existing trades, units should also form part of the inspection report to assess the required electrical load).
 - **For new institutes:** Installation report/ Meter sealing report indicating sanctioned load or if meter sealing report does not have sanctioned load, copy of the sanctioned load , proof of payment of dues for the same along with meter sealing report should be produced/submitted.
 - Where the Institute is in the rented/leased building, the electric connection should be in the name of the owner of the institute/management and the mutual agreement between landlord and the Institute/Management/Society as the case may be, should be produced along with the current bill.
 - The meter sealing report and Electrical Connection Documents are acceptable only if the proof is on stationary paper issued by the Electricity Department.
3. Provision of Generator may not be accepted since it is only a source for temporary power in the event of breakdown and not a source of regular power.
